Details

Acta Resveratrol

- A potent antioxidant responsible for the health benefits of red wine
- Promotes heart health
- Promotes normal cell development
- Supports the longevity effects of calorie restriction

benoGene

- Stimulates over 350 healthy aging genes
- Supports metabolism, energy and stamina

Vitamin D3 5000IU

- Vegan vitamin D3 sourced from lichen
- Ensures proper calcium absorption and healthy bones
- Supports immunity and mood balance

Astaxanthin 20mg

- A pigment which absorbs UV light and protects marine plants from radiation
- Unique structure means it works better and longer to neutralize free radicals than other antioxidants
- Sustainably sourced from algae
